

SIDELINE LOCATION POLICY

PRACTICE

Canterbury Rugby League has introduced a mandatory team sideline placement policy for all games that have designated referees (from 11s to premiers).

The following is applicable:

1. Both teams and their respective team officials and reserves are to be on the same side of the field positioned 10-15 metres either side of half-way;
2. All playing reserves and coach/management staff are required to remain in the allocated section. Trainers can enter the field to assist with player injuries and substitutions.
3. Coaches, trainers and managers must not walk up and down the field.
